

# BULGARIA IS ENTERING THE WAR

## MILITARY AUTHORITIES TAKE OVER ALL THE RAILROADS

### OSTROW TAKEN FROM RUSSIANS

Petrograd Despatches Agree That Slaves Elude Teutons in Vilna Salient.

LOSSES HEAVY, HOWEVER

Zemstvo Conference at Moscow Petitions Czar to Recall Duma.

BERLIN, Sept. 22.—The capture of the Russian city of Ostrow was announced today by the war office.

LONDON, Sept. 22.—Special despatches from Petrograd agree that the Russians have withdrawn safely from the Vilna salient, the strategic value of which was considered so great that the Russian staff felt justified in risking some of the best troops to defend it to the last possible moment. In their withdrawal the Russians are said to have destroyed everything of military utility as has been their practice since the gigantic retreat began.

Heavy Losses Likely.

While the main army probably is safe it is hardly likely the whole Russian force will escape without heavy losses in men and guns. Field Marshal von Hindenburg's cavalry, which was expected to complete the encircling movement, is still held between Smolensk and Molodechno on the Vilna-Lida-Stominsk flank. The German advance is proceeding steadily but Prince Leopold's progress is slower while Field Marshal von Mackensen has come to a pause beyond the Pripiet marshes.

Swiftest Movement.

If the Russian retreat is to be stopped successfully the swiftest movement must come from the South and the Germans must reap the full advantage of their efforts within a week.

As was predicted the Zemstvo conference at Moscow petitioned Emperor Nicholas to recall the Duma and summon a cabinet responsive to the wishes of the people.

Infantry Attacks.

The protracted artillery duels along the western front have been relieved by several infantry attacks. The English public is discussing with the greatest interest the record war budget presented yesterday. The budget has been received without opposition worthy of note.

ARTILLERY FIGHTING OCCURS IN BELGIUM

PARIS, Sept. 22.—The artillery fighting along the western front is prevalent in the last few weeks has broken out in Belgium, according to the French official report given out today.

Artillery fighting has taken place also near Arras; between the Somme and Oise; between the Aisne and the Argonne region and in Lorraine.

A group of eight French aviators has successfully bombarded a railroad station on the line from Verdun to Metz.

NOT RESPONSIBLE GERMANS DECLARE.

AMSTERDAM, Sept. 22.—A semi-official statement issued in Berlin reads as follows:

"After inquiry the German admiralty contradicts the statement of the British admiralty and it can now be stated that no German submarine was responsible for the attack on the Hesperian."

AEROPLANE COMES DOWN.

BASEL, Switzerland, via Paris, Sept. 22.—A French aeroplane presumed to be disabled came down at Lommenger, near Metz. The two occupants, set the machine on fire and escaped into the woods.

STRIKES A MINE.

AMSTERDAM, via London, Sept. 22.—The Dutch steamer Konigen Emma, a 9,000 ton vessel from Batavia, Java, struck a mine while on its way to this port. Its passenger and crew were saved.

TROOP SHIP ARRIVES.

OTTAWA, Sept. 22.—The troop ship Mataga, which sailed from Canada on September 11, has arrived in England. It was officially announced today. It had on board about 1,700 troops, chiefly from Alberta and Manitoba.

TO ATTEND CONFERENCE.

Ray L. Strother will go to Parkersburg Wednesday evening to attend the annual conference of the Methodist Episcopal church which is being held there this week. Mr. Strother is a lay delegate from the Adamston and Wilsonburg charge.

### WILSON MAY CALL SESSION OF THE SENATE

Announcement at White House Says He Will Decide in a Week or So.

WASHINGTON, Sept. 22.—The advisability of calling a special session of the Senate within the next month is being seriously considered by President Wilson. It was said today at the White House. If the session is called it will be primarily to give the Senate an opportunity to revise its rules in order to curtail debates. The president, it was said, would reach a decision in the matter within a week or ten days.

Senator Kern, majority leader of the Senate, is understood to have communicated with a number of senators to learn their views on the subject. Senator Kern is believed to favor a special session.

The Senate has had a special committee working on the proposed revision of the rules since the last session. The main recommendation is expected to be an amendment to the rules allowing a majority of the Senate to limit debate.

### TRANSPORTING AMMUNITION FOR TURK FIGHTERS IN GALLIOLI

This is a typical scene in Turkey. Camels are still used for packing purposes as they were in the old times. When Mohammed was young, although now the most modern of wars is being fought, the Turks are using camel caravans extensively for the transport of war material to the trenches in Gallipoli and other parts of the Ottoman empire.

### DAUGHTER DIES OF SHOCK OVER FATHER'S DEATH

Double Funeral to Be Held for Lemuel E. Stout and Mrs. Isaac Wilson.

Shock and grief over her father's death, together with an illness from which she had been suffering, caused the death Tuesday evening in a hospital in Baltimore, Md., of Mrs. Lillian Estelle Wilson, wife of Isaac Wilson, of Knottsville, Taylor county, and daughter of Lemuel E. Stout, prominent resident of Bridgeport, who died at her home Monday.

Arrangements had been made to hold the funeral of Mr. Stout at 2 o'clock Wednesday afternoon, but owing to the death of Mrs. Wilson it was postponed and a double funeral will be held for both at 2 o'clock Thursday afternoon at the residence of George Harter Stout at Bridgeport, where Mr. Stout made his home. Burial will follow in the cemetery of the Lemuel E. Stout Methodist Episcopal church there.

The deceased woman had been in poor health and the morning after the death of her father she collapsed as the result of grief. Her condition became so serious that it was deemed best to rush her to a hospital in Baltimore, whither she was accompanied by her brother, W. Frank Stout, of this city.

Mrs. Wilson was 43 years old. Besides her husband, a prominent farmer of Knottsville, she is survived by two daughters. She was a lovable woman and her death has caused a profound shock among a wide circle of friends.

All Indications Are That Balkan State is Preparing to Start Hostilities.

OFFICIAL TRANSFER SET

Territory to Be Taken October 6 and Formally Turned Over October 11.

SOFIA, Bulgaria, Sept. 22.—Bulgaria apparently is on the brink of war. The people generally believe that hostilities are imminent. The military authorities have taken possession of the railways and ordinary traffic has been suspended.

The Bulgarian government announced last night that the territory ceded by Turkey along the line of the Dedegatch railway would be occupied on October 6. The official transfer will occur on October 11 at which time the Bulgarian administration will be installed.

With the Tentative.

Diplomatic representatives here of the entente powers generally recognize that their cause is a lost one and that Bulgaria is manifesting clearly a tendency toward the central powers. This is due to the dissatisfaction of the government at Serbia's reply in the negotiations for territorial concessions in Macedonia and at the conduct of Greece in this connection.

None of the representatives here of the allies cherishes longer the hope that Bulgaria can be prevented from joining with Germany, Austria and Turkey.

In government circles the statement was made today that all the military measures, which have been taken, are of a preventive nature, designed solely to guard against circumstances which might threaten Bulgaria's position in the present situation.

Many Demonstrations.

Reports from many parts of Bulgaria tell of enthusiastic demonstrations in favor of the government. This is considered symptomatic of public feeling which does not ignore the fact that the country is near to war.

It was learned today that King Ferdinand, replying last Friday to the assertion of leaders of the opposition parties that the allies would be victorious, said:

"The entente is not sure of winning. Nothing indicates at this moment that such will be the case. If Bulgaria's chances of gaining Macedonia depend thereon they may never be realized. My government is following a policy which is positive in action and certain of good results."

KING OF GREECE AND OFFICIALS CONFER

ATHENS, Sept. 22.—O neecept of the news that Bulgaria had ordered general mobilization of her troops, King Constantine summoned to conference Premier Venizelos and the members of the general staff of the army. The premier consequently called a meeting of the cabinet.

The greatest activity prevails among representatives of the entente powers. The British, French and Russian ministers held a conference. The Venizelos government faces the situation confidently.

It is understood here that the first, sixth, seventh and tenth divisions, totalling about 100,000 infantry and several cavalry regiments will be first mobilized.

Merchandise traffic on the Bulgarian railways has been suspended since Saturday. All Bulgarians in Macedonia and Thrace, who previously served in the Bulgarian army numbering about 45,000 have been recalled to the colors.

FOR GRAND JURY

Jonas Vazda is Held on Charge of Violating State Prohibition Laws.

Jonas Vazda, a Hungarian carbon worker, who was arrested by prohibition officers about ten days ago on a charge of receiving fifty gallons of whiskey labelled "canned fruit," by express, was held for the action of the next criminal court grand jury at the conclusion of a hearing in Magistrate William E. Starcher's court Tuesday night.

Vazda gave bond of \$500 and was released from custody.

The whiskey, said to have been consigned to Vazda was shipped from a man in Keyser.
